Subject: [response requested by Aug 22] inquiry re compliance with TRI reporting obligations for certain PFAS for 2020

Dear Messrs. Feeler, Marshall, McDaniel and Church, and Ms. Bartlett,

Attached please find a letter with supporting exhibits inquiring about U.S. Ecology's compliance with its Toxics Release Inventory (TRI) reporting requirements for calendar year 2020 with respect to certain PFAS. This inquiry addresses all U.S. Ecology facilities, with specific questions related to your facilities in Beatty, NV; Robstown, TX; and Grand View, ID.

Copied on this email for informational purposes are the US EPA officials responsible for the TRI and for enforcement and compliance with all federal environmental laws, as well as the US EPA Regional Administrators for Nevada, Texas, and Idaho.

We look forward to your response.

Sincerely,

Eve Gartner
